The California Public Records Act (Government Code Section 6250 et seq.) provides California citizens with important rights to obtain access to records held by public agencies in the State. The purpose of this policy is to clarify the process by which HPOA will respond to requests for records under the Public Records Act.

1. All requests for public records shall be submitted to the HPOA office in writing on a form prescribed by HPOA, unless the request is to review a monthly board of directors meeting agenda of HPOA and/or Central Hollywood Coalition, which is posted 72 hours in advance of the meeting date at the HPOA office or on the HPOA website at [www.onlyinhollywood.org](http://www.onlyinhollywood.org). Agendas are available on the website, after posting, for review at any time.
2. HPOA will respond to all requests as soon as possible, but not later than the ten-day period, or extensions thereof, as provided by Gov't Code Section 6253. Requests received by HPOA will be logged and processed in the order in which they are received. Requestors making multiple requests are encouraged to prioritize their requests in the desired order.
  - a. HPOA shall review the request and determine whether the request seeks identifiable records and, if not, HPOA shall reasonably assist the person making the request to identify records and information that are responsive to the request or to the purpose of the request, if stated.
  - b. HPOA shall respond to the person requesting records by notifying requestor of the availability of the documents and whether any of the documents are exempt from disclosure under the provisions of the Public Records Act. To the extent feasible, HPOA will provide suggestions for overcoming any practical basis for denying access to the records or information sought in compliance with the Act. Due to staffing limitations, HPOA requires an appointment for all requests seeking inspection of records. The requestor may inquire as to a certain day and time for an appointment during specified business hours. Requested appointment day and time is not guaranteed. Once an available appointment time is determined, the requestor will be contacted to confirm the appointment's time and date.
  - c. When a request is made for copies for records, HPOA shall advise the requestor of the copying costs. As set forth by the adoption of this policy, the following fees will apply:
    - (i) Photocopying costs in the amount of \$0.15 per page for standard reproduction of documents of a size 11 by 17 inches or less.
    - (ii) Actual costs for the reproduction of other oversized documents or the reproduction of documents requiring special processing.
    - (iii) When HPOA must compile electronic data, extract information from an electronic record, or undertake computer programming to satisfy a request, HPOA may require the requestor to bear the full and actual costs incurred by HPOA. Electronic files will be provided to requestor via CD or flash drive, depending upon the size of media.
    - (iv) Actual postal charges.
  - d. Pursuant to Government Code 6253 (b), no copies will be made until payment has been received in fully by HPOA.
  - e. Voluminous and/or complex requests for records will be sent to an outside copy service. The requestor shall be responsible for all copying fees charged to HPOA. Payment will be requested from the requestor prior to having the copies made.
3. In accordance with the Public Records Act, HPOA will provide only specific identifiable non-exempt records but will not research HPOA records for particular types of information or analyze information which may be contained within public records. HPOA will also not create records that do not exist.
4. HPOA will respond to requests for public records in accordance with the terms of the Public Records Act as the Act now exists or may hereafter be amended, and nothing in this Policy is intended nor shall it be construed to conflict with the terms of the Public Records Act.
